One of the best limo companies around. Our limo was everything i thought it would be and more. Our driver Kirk was awesome he helped out all day even pinning the boutineers on our groomsmen. It was the little touches all day that made me glad i went with galaxy as our limo provider.

The best price around and you don't sacrifice any quality. We had the stretch excursion with our driver Ira and it was beautiful and he was hilarious. He also acted as our personal wedding planner for the day. Overall great vendor!

Galaxy was awesome. Price was reasonable. The driver called us the day before to be sure he had the schedule correct. Jerry was on time. courteous, patient with my girls who were late because of a delay at the hairdresser. He was awesome. We would definitely recommend these guys again!

Galaxy was awesome! I started emailing Kirk about 7 months before my wedding and he was always very responsive. I didn't book the limo until about a month out. We wanted the Lincoln MKX really bad but Kirk let us know that it would be a squeeze and we ended up with the Ford Expedition. I am so happy that Kirk recommended the Expedition - it was very comfortable. In meeting with Kirk, we also got to talking about weddings in general and the schedule for the day - Kirk offered so much insight on timing and he was 100% right. He also told me how to hold my train and set me up to go in the church, including recommending that he and one of my cousins close the doors and open them for me and my dad. I can't recommend Galaxy Limo enough.

We had our wedding on 5/28/10 and hired Galaxy limo. We couldn't have asked for anything more from them. We ordered a Lincoln MKX and it was amazing! Ira our limo driver was wonderful! He made the night even more special because he was such a help with everything and went above and beyond what was expected. We had sparklers on our exit of the church and he help get people get in line and get there sparklers lite and made sure i got in the limo with out messing up my dress. The limo was stocked with anything we could ask for. There service was wonderful and a great price. I would recommend them to everyone and would call them again in a second.

Wonderful! Amazing! Excellent! We had the best Limo Driver in the world. My husband forgot to place the runner in the church, and our limo driver noticed it was missing and ran out to the limo and ran it back in and down the aisle with the isle runner. He also offered to take me and the girls to the florist to pick up the flowers that were missing. He was a hugh help. We rented a Beautiful 14 passenger black limo bus, and got the best deal that can be found in bucks county. Why go any where else, when you can choose Galaxy Limo...ask for Ira the driver, he is awesome!

This is a copy of a letter i emailed to Galaxy after our daughter's wedding:

Dear Kirk,

I just wanted to drop you a line regarding limousine services for our daughter's wedding on August 15, 2009.....Overall, your stretch limo, your stretch suv, and your town car were new and in pristine condition, your drivers were on time and very courteous. Beyond that, it was in the details that they truly excelled. Dee and Ira were an absolute pleasure to deal with. (I didn't meet Russell, since he drove the bride and groom getaway car)....They guided us through the whole process in a smooth, professional manner, yet were friendly and fun to talk to as well! My daughter had this to say:

"I would use them again if we need a driver or any other services. I believe my in-laws would as well since they paid for it :-) Also, you can add that I loved the personal touch when Dee brought our champagne corks with our names, the date, and hearts drawn on them. :)"

We will be happy to recommend your company to everyone we know who needs limo services with first rate cars and services at a fair price.

Thank you to you and your staff for adding to our daughter's special day.

We booked with Big League Limo and they weren't able to keep the commitment, so Galaxy Limo took over the contract. Thank God. Dealing with them was like the opposite of dealing with Big League. We got a great vehicle and a great driver who got everyone where they needed to be with time to spare. Highly recommended!

After searching for a while for a service which was reasonably priced, we found Galaxy. Their prices were, by a landslide, the cheapest around. We could not imagine spending all of this money for a limo to be sitting most of the day. The service was even better than the price. Helene was our limo driver and she was excellent!!!! As soon as we came out of the church she had popped our champagne bottle, wrote our names and date on the cork and handed it to the both of us. She did not miss a beat with my dress not dragging on the ground, etc. Top notch vendor will use in the future. Great, clean limos!

Galaxy Limo was great. The driver was very professional and helped with details I wouldn't have thought of (tucking and carrying my dress as we exited the church to the crowd with bubbles, etc). He did not simply drop me off or wait in the limo after the ceremony. This extra attention to detail made a difference in the professionalism. My only concern was in finding out who my driver was going to be. I did not get the name and number of the driver until less than 24 hours before the wedding. I am a very "Type A" person, so for me this was stressful, but the company was very affordable and professional.

We hired galaxy limos after attending a wedding a month before our own and being impressed by their services. We rented a limo-van-like thing that was spacious and gave everyone the opportunity to face on another rather than being crammed into seats. Helene, the woman who drove us was great. She directed me before the ceremony began, which was helpful because at that moment I felt a little clueless about what was going on. I have this great photo that our photographer took of her fluffing out my wedding dress! After the ceremony she gave a nice champagne toast. She was also very helpful with my husband's grandmother who uses a walker and needed help getting out of the church. We ended up going over on the amount of time that we had booked but this was no problem and we simply paid the difference.

I also liked that our limo ride was different from the previous wedding we had been to. At the other wedding, the wedding party was a good bit younger than my husband and I so they had music blaring and the light show going inside, which was fun, just not our taste. At our wedding we had no music or light show, just a nice ride where everyone could talk. I appreciated our driver paying attention to our tastes without even really having to ask.
